

This safety data sheet was created pursuant to the requirements of:  
UK REACH Regulations (SI 2019/758 as amended)

**Supersedes date** 21-Mar-2019

**Revision date** 29-Dec-2025

**Revision Number** 9

## SECTION 1: Identification of the substance/mixture and of the company/undertaking

### 1.1. Product identifier

**Product Code(s)** 49157  
**Safety data sheet number** 49157  
**Product Name** TETRANYL DM 24

**Pure substance/mixture** Mixture

Contains QUATERNARY AMMONIUM COMPOUNDS, C12-14-ALKYLTRIMETHYL, ME SULFATES

### 1.2. Relevant identified uses of the substance or mixture and uses advised against

**Recommended use** Detergent

### 1.3. Details of the supplier of the safety data sheet

#### Supplier

Univar Solutions UK Ltd  
Aquarius House  
6 Mid Point Business Park  
Bradford  
GBR

For further information, please contact

**E-mail address** SDS.EMEA@univarsolutions.com  
**Non-Emergency Telephone Number** +44 1274 267300 / +44 1274 267306

### 1.4. Emergency telephone number

**Emergency Telephone** SGS - +32 (0)3 575 55 55 (24h)

## SECTION 2: Hazards identification

### 2.1. Classification of the substance or mixture

|                                   |                     |
|-----------------------------------|---------------------|
| Acute toxicity - Oral             | Category 4 - (H302) |
| Acute toxicity - Dermal           | Category 4 - (H312) |
| Skin corrosion/irritation         | Category 2 - (H315) |
| Serious eye damage/eye irritation | Category 2 - (H319) |
| Acute aquatic toxicity            | Category 1 - (H400) |
| Chronic aquatic toxicity          | Category 1 - (H410) |

### 2.2. Label elements

Contains QUATERNARY AMMONIUM COMPOUNDS, C12-14-ALKYLTRIMETHYL, ME SULFATES

### Signal word

Warning

### Hazard statements

H302 - Harmful if swallowed  
 H312 - Harmful in contact with skin  
 H315 - Causes skin irritation  
 H319 - Causes serious eye irritation  
 H410 - Very toxic to aquatic life with long lasting effects

### Precautionary statements

P264 - Wash face, hands and any exposed skin thoroughly after handling  
 P273 - Avoid release to the environment  
 P280 - Wear protective gloves/protective clothing/eye protection/face protection  
 P312 - Call a POISON CENTER or doctor if you feel unwell  
 P391 - Collect spillage  
 P501 - Dispose of contents/ container to an approved waste disposal plant

### Unknown aquatic toxicity

### Additional information

This product requires tactile warnings if supplied to the general public.

### 2.3. Other hazards

No information available.

## SECTION 3: Composition/information on ingredients

### 3.1 Substances

Not applicable

### 3.2 Mixtures

| Chemical name                                                                   | Weight-% | EC No (EU Index No) | UK REACH registration number | Classification according to GB CLP (SI 2020/1567 as amended)                                                                                    | Specific concentration limit (SCL) | M-Factor | M-Factor (long-term) |
|---------------------------------------------------------------------------------|----------|---------------------|------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------|----------|----------------------|
| QUATERNARY AMMONIUM COMPOUNDS, C12-14-ALKYLTRIMETHYL, ME SULFATES<br>96690-44-7 | 30 - 40% | 306-238-4           | -                            | Aquatic Chronic 1 (H410)<br>Eye Irrit. 2 (H319)<br>Aquatic Acute 1 (H400)<br>Acute Tox. 3 (H311)<br>Acute Tox. 4 (H302)<br>Skin Irrit. 2 (H315) | -                                  | 10       | 1                    |

Full text of H- and EUH-phrases: see section 16

This product does not contain candidate substances of very high concern at a concentration  $\geq 0.1\%$  (UK REACH Article 59)

## SECTION 4: First aid measures

### 4.1. Description of first aid measures

|                                           |                                                                                                                                                                                                                                                                                     |
|-------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>General advice</b>                     | Show this safety data sheet to the doctor in attendance.                                                                                                                                                                                                                            |
| <b>Inhalation</b>                         | Remove to fresh air. Get medical attention immediately if symptoms occur.                                                                                                                                                                                                           |
| <b>Eye contact</b>                        | Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Keep eye wide open while rinsing. Do not rub affected area. Get medical attention if irritation develops and persists. |
| <b>Skin contact</b>                       | Wash off immediately with soap and plenty of water for at least 15 minutes. If symptoms persist, call a doctor.                                                                                                                                                                     |
| <b>Ingestion</b>                          | Do NOT induce vomiting. Rinse mouth. Never give anything by mouth to an unconscious person. Call a doctor.                                                                                                                                                                          |
| <b>Self-protection of the first aider</b> | Ensure that medical personnel are aware of the material(s) involved, take precautions to protect themselves and prevent spread of contamination. Wear personal protective clothing (see section 8). Avoid contact with skin, eyes or clothing.                                      |

### 4.2. Most important symptoms and effects, both acute and delayed

|                  |                                                                           |
|------------------|---------------------------------------------------------------------------|
| <b>Symptoms</b>  | May cause redness and tearing of the eyes. Burning sensation.             |
| <b>Eyes</b>      | Causes serious eye irritation. May cause redness and tearing of the eyes. |
| <b>Dermal</b>    | Harmful in contact with skin. Causes skin irritation.                     |
| <b>Ingestion</b> | Harmful if swallowed                                                      |

### 4.3. Indication of any immediate medical attention and special treatment needed

|                        |                        |
|------------------------|------------------------|
| <b>Note to doctors</b> | Treat symptomatically. |
|------------------------|------------------------|

## SECTION 5: Firefighting measures

### 5.1. Extinguishing media

|                                       |                                                                        |
|---------------------------------------|------------------------------------------------------------------------|
| <b>Suitable Extinguishing Media</b>   | Dry chemical, CO <sub>2</sub> , alcohol-resistant foam or water spray. |
| <b>Large Fire</b>                     | CAUTION: Use of water spray when fighting fire may be inefficient.     |
| <b>Unsuitable extinguishing media</b> | Do not scatter spilled material with high pressure water streams.      |

### 5.2. Special hazards arising from the substance or mixture

|                                      |                |
|--------------------------------------|----------------|
| <b>Hazardous combustion products</b> | Carbon oxides. |
|--------------------------------------|----------------|

### 5.3. Advice for firefighters

|                                         |                                                                                                 |
|-----------------------------------------|-------------------------------------------------------------------------------------------------|
| <b>Special protective equipment and</b> | Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. |
|-----------------------------------------|-------------------------------------------------------------------------------------------------|

precautions for fire-fighters Use personal protection equipment.

## SECTION 6: Accidental release measures

### 6.1. Personal precautions, protective equipment and emergency procedures

**Personal precautions** Avoid contact with skin, eyes or clothing. Ensure adequate ventilation. Use personal protective equipment as required.

**Other information** Refer to protective measures listed in Sections 7 and 8.

**For emergency responders** Use personal protection recommended in Section 8.

### 6.2. Environmental precautions

**Environmental precautions** Prevent further leakage or spillage if safe to do so.

### 6.3. Methods and material for containment and cleaning up

**Methods for containment** Prevent further leakage or spillage if safe to do so.

**Methods for cleaning up** Take up mechanically, placing in appropriate containers for disposal.

**Prevention of secondary hazards** Clean contaminated objects and areas thoroughly observing environmental regulations.

### 6.4. Reference to other sections

**Reference to other sections** See section 8 for more information. See section 13 for more information.

## SECTION 7: Handling and storage

### 7.1. Precautions for safe handling

**Advice on safe handling** Handle in accordance with good industrial hygiene and safety practice. Avoid contact with skin, eyes or clothing. Ensure adequate ventilation. Do not eat, drink or smoke when using this product. Take off contaminated clothing and wash it before reuse.

**General hygiene considerations** Avoid contact with skin, eyes or clothing. Wear suitable gloves and eye/face protection. Do not eat, drink or smoke when using this product.

### 7.2. Conditions for safe storage, including any incompatibilities

**Storage Conditions** Keep containers tightly closed in a dry, cool and well-ventilated place.

### 7.3. Specific end use(s)

**Specific use(s)**  
See section 1 for more information.

**Risk Management Methods (RMM)** The information required is contained in this Safety Data Sheet.

## SECTION 8: Exposure controls/personal protection

### 8.1. Control parameters

**Exposure Limits**

This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.

**Biological occupational exposure limits**

This product, as supplied, does not contain any hazardous materials with biological limits established by the region specific regulatory bodies.

**Derived No Effect Level (DNEL) - Workers**

| Chemical name                                                                   | Oral | Dermal | Inhalation                  |

**8.2. Exposure controls**

**Engineering controls** No information available.

**Personal protective equipment**

**Eye/face protection** According to EN 16321-1. Wear safety glasses with side shields (or goggles).

**Hand protection** Ensure that the breakthrough time of the glove material is not exceeded. Refer to glove supplier for information on breakthrough time for specific gloves. Gloves must conform to standard EN 374.

**Skin and body protection** Wear suitable protective clothing. Long sleeved clothing.

**Respiratory protection** No protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required.

**General hygiene considerations** Avoid contact with skin, eyes or clothing. Wear suitable gloves and eye/face protection. Do not eat, drink or smoke when using this product.

**SECTION 9: Physical and chemical properties****9.1. Information on basic physical and chemical properties**

|                        |                           |
|------------------------|---------------------------|
| <b>Physical state</b>  | Liquid                    |
| <b>Appearance</b>      | Liquid                    |
| <b>Colour</b>          | Colourless to pale yellow |
| <b>Odour</b>           | Characteristic.           |
| <b>Odour threshold</b> | No information available  |

| <b>Property</b>                                | <b>Values</b>            | <b>Remarks • Method</b>   |
|------------------------------------------------|--------------------------|---------------------------|
| <b>Melting point / freezing point</b>          | -9.0 - -7.0 °C           | No information available. |
| <b>Initial boiling point and boiling range</b> |                          | No information available. |
| <b>Flammability</b>                            |                          | No information available. |
| <b>Flammability Limit in Air</b>               |                          | No information available. |
| <b>Upper flammability or explosive limits</b>  |                          |                           |
| <b>Lower flammability or explosive limits</b>  |                          |                           |
| <b>Flash point</b>                             | > 150 °C                 | Closed cup.               |
| <b>Autoignition temperature</b>                |                          | No information available. |
| <b>Decomposition temperature</b>               |                          | No information available. |
| <b>pH</b>                                      |                          | No information available. |
| <b>pH (as aqueous solution)</b>                | 7.0 - 9.0                | solution (5.0 %).         |
| <b>Kinematic viscosity</b>                     |                          | No information available. |
| <b>Dynamic viscosity</b>                       | < 150.0 cP               | @ 20.0 °C.                |
| <b>Water solubility</b>                        | Soluble in water         |                           |
| <b>Solubility(ies)</b>                         |                          | No information available. |
| <b>Partition coefficient</b>                   |                          | No information available. |
| <b>Vapour pressure</b>                         |                          | No information available. |
| <b>Relative density</b>                        | 1.006 - 1.009            | 20.0 °C.                  |
| <b>Bulk density</b>                            |                          | No information available  |
| <b>Liquid Density</b>                          | No information available | No information available  |
| <b>Relative vapour density</b>                 |                          | No information available. |
| <b>Particle characteristics</b>                |                          | No information available. |
| <b>Particle Size</b>                           | No information available |                           |
| <b>Particle Size Distribution</b>              | No information available |                           |

|                      |                          |
|----------------------|--------------------------|
| Explosive properties | No information available |
| Oxidising properties | No information available |

## 9.2. Other information

# SECTION 10: Stability and reactivity

## 10.1. Reactivity

|            |                                              |
|------------|----------------------------------------------|
| Reactivity | Stable under recommended storage conditions. |
|------------|----------------------------------------------|

## 10.2. Chemical stability

|           |                                 |
|-----------|---------------------------------|
| Stability | Stable under normal conditions. |
|-----------|---------------------------------|

### Explosion data

|                                  |       |
|----------------------------------|-------|
| Sensitivity to mechanical impact | None. |
|----------------------------------|-------|

|                                 |       |
|---------------------------------|-------|
| Sensitivity to static discharge | None. |
|---------------------------------|-------|

## 10.3. Possibility of hazardous reactions

|                                    |                               |
|------------------------------------|-------------------------------|
| Possibility of hazardous reactions | None under normal processing. |
|------------------------------------|-------------------------------|

## 10.4. Conditions to avoid

|                     |                                                                                   |
|---------------------|-----------------------------------------------------------------------------------|
| Conditions to avoid | Excessive heat. Keep away from open flames, hot surfaces and sources of ignition. |
|---------------------|-----------------------------------------------------------------------------------|

## 10.5. Incompatible materials

|                        |                                           |
|------------------------|-------------------------------------------|
| Incompatible materials | None known based on information supplied. |
|------------------------|-------------------------------------------|

## 10.6. Hazardous decomposition products

|                                  |                |
|----------------------------------|----------------|
| Hazardous decomposition products | Carbon oxides. |
|----------------------------------|----------------|

# SECTION 11: Toxicological information

## 11.1. Information on toxicological effects

### Information on likely routes of exposure

#### Product Information

|            |                       |
|------------|-----------------------|
| Inhalation | May cause irritation. |
|------------|-----------------------|

|             |                                |
|-------------|--------------------------------|
| Eye contact | Causes serious eye irritation. |
|-------------|--------------------------------|

|              |                                                       |
|--------------|-------------------------------------------------------|
| Skin contact | Harmful in contact with skin. Causes skin irritation. |
|--------------|-------------------------------------------------------|

|           |                       |
|-----------|-----------------------|
| Ingestion | Harmful if swallowed. |
|-----------|-----------------------|

### Symptoms related to the physical, chemical and toxicological characteristics

|          |                                                     |
|----------|-----------------------------------------------------|
| Symptoms | Redness. May cause redness and tearing of the eyes. |
|----------|-----------------------------------------------------|

## Acute toxicity

### Numerical measures of toxicity

The following values are calculated based on chapter 3.1 of the GHS document

|                 |                |
|-----------------|----------------|
| ATEmix (oral)   | 1,628.60 mg/kg |
| ATEmix (dermal) | 1,225.70 mg/kg |

**Delayed and immediate effects as well as chronic effects from short and long-term exposure**

|                                   |                                |
|-----------------------------------|--------------------------------|
| Skin corrosion/irritation         | Causes skin irritation.        |
| Serious eye damage/eye irritation | Causes serious eye irritation. |
| Respiratory or skin sensitisation | No information available.      |
| Germ cell mutagenicity            | No information available.      |
| Carcinogenicity                   | No information available.      |
| Reproductive toxicity             | No information available.      |
| STOT - single exposure            | No information available.      |
| STOT - repeated exposure          | No information available.      |
| Aspiration hazard                 | No information available.      |
| Other adverse effects             | No information available.      |

**SECTION 12: Ecological information**

**12.1. Toxicity**

|                          |                                                       |
|--------------------------|-------------------------------------------------------|
| Ecotoxicity              | Very toxic to aquatic life with long lasting effects. |
| Unknown aquatic toxicity |                                                       |

**12.2. Persistence and degradability**

|                               |                           |
|-------------------------------|---------------------------|
| Persistence and degradability | No information available. |
|-------------------------------|---------------------------|

**12.3. Bioaccumulative potential**

|                 |                           |
|-----------------|---------------------------|
| Bioaccumulation | No information available. |
|-----------------|---------------------------|

**12.4. Mobility in soil**

Mobility in soil Soluble in water.

### 12.5. Results of PBT and vPvB assessment

**PBT and vPvB assessment** The product does not contain any substance(s) classified as PBT or vPvB.

| Chemical name                                                        | PBT and vPvB assessment         |
|----------------------------------------------------------------------|---------------------------------|
| QUATERNARY AMMONIUM COMPOUNDS,<br>C12-14-ALKYLTRIMETHYL, ME SULFATES | The substance is not PBT / vPvB |

### 12.6. Other adverse effects

No information available.

## SECTION 13: Disposal considerations

### 13.1. Waste treatment methods

**Waste from residues/unused products** Dispose of in accordance with local regulations. Dispose of waste in accordance with environmental legislation.

**Contaminated packaging** Do not reuse empty containers.

## SECTION 14: Transport information

### IATA

**14.1 UN number or ID number** UN3082

**14.2 UN proper shipping name** ENVIRONMENTALLY HAZARDOUS SUBSTANCES, LIQUID, N.O.S. (QUATERNARY AMMONIUM COMPOUNDS, C12-14-ALKYLTRIMETHYL, ME SULFATES)

**14.3 Transport hazard class(es)** 9

**14.4 Packing group** III

**14.5 Environmental hazards** Yes

**14.6 Special precautions for user**

**Special Provisions** A97, A158, A197

**ERG Code** 9L

### IMDG

**14.1 UN number or ID number** UN3082

**14.2 UN proper shipping name** ENVIRONMENTALLY HAZARDOUS SUBSTANCES, LIQUID, N.O.S. (QUATERNARY AMMONIUM COMPOUNDS, C12-14-ALKYLTRIMETHYL, ME SULFATES)

**14.3 Transport hazard class(es)** 9

**14.4 Packing group** III

**14.5 Environmental hazards** Yes

**14.6 Special precautions for user**

**Special Provisions** 274, 335, 969

**EmS-No** F-A, S-F

**14.7 Maritime transport in bulk according to IMO instruments** No information available

### RID

**14.1 UN number or ID number** UN3082

**14.2 UN proper shipping name** ENVIRONMENTALLY HAZARDOUS SUBSTANCES, LIQUID, N.O.S. (QUATERNARY AMMONIUM COMPOUNDS, C12-14-ALKYLTRIMETHYL, ME SULFATES)

**14.3 Transport hazard class(es)** 9

**14.4 Packing group** III

**14.5 Environmental hazards** Yes

**14.6 Special precautions for user**

|                            |                    |
|----------------------------|--------------------|
| <b>Special Provisions</b>  | 274, 335, 375, 601 |
| <b>Classification code</b> | M6                 |

**ADR**

|                                          |                                                                                                                          |
|------------------------------------------|--------------------------------------------------------------------------------------------------------------------------|
| <b>14.1 UN number or ID number</b>       | UN3082                                                                                                                   |
| <b>14.2 UN proper shipping name</b>      | ENVIRONMENTALLY HAZARDOUS SUBSTANCES, LIQUID, N.O.S. (QUATERNARY AMMONIUM COMPOUNDS, C12-14-ALKYLTRIMETHYL, ME SULFATES) |
| <b>14.3 Transport hazard class(es)</b>   | 9                                                                                                                        |
| <b>14.4 Packing group</b>                | III                                                                                                                      |
| <b>14.5 Environmental hazards</b>        | Yes                                                                                                                      |
| <b>14.6 Special precautions for user</b> |                                                                                                                          |
| <b>Special Provisions</b>                | 274, 335, 601, 375                                                                                                       |
| <b>Classification code</b>               | M6                                                                                                                       |
| <b>Tunnel restriction code</b>           | (-)                                                                                                                      |

**SECTION 15: Regulatory information****15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture****National regulations****Authorisations and/or restrictions on use:**

This product contains one or more substances subject to restriction (UK REACH - Annex XVII).

This product does not contain substances subject to authorisation (UK REACH - Annex XIV).

**Persistent Organic Pollutants**

Not applicable

**Export Notification requirements**

Not applicable

**Dangerous substance category per COMAH Regulations 2015 (as amended)**

E1 - Hazardous to the Aquatic Environment in Category Acute 1 or Chronic 1

**Named dangerous substances per COMAH Regulations 2015 (as amended)**

Not applicable

**The Ozone-Depleting Substances Regulations 2015**

Not applicable

**The Biocidal Products Regulations 2001 (as amended)**

Not applicable

**The Water Environment (Water Framework Directive) (England and Wales) Regulations 2017 (as amended)**

Not applicable

**Poisons Act 1972 (Explosive Precursors) Regulations (as Amended)**

Not applicable

**International Inventories**

**Classification procedure**

Classification according to Regulation (EC) No. 1272/2008 [CLP]

Method Used

Acute oral toxicity

Calculation method

Acute dermal toxicity

Calculation method

Acute inhalation toxicity - gas

Calculation method

Acute inhalation toxicity - vapour

Calculation method

Acute inhalation toxicity - dust/mist

Calculation method

Skin corrosion/irritation

Calculation method

Serious eye damage/eye irritation

Calculation method

Respiratory sensitisation

Calculation method

Skin sensitisation

Calculation method

Mutagenicity

Calculation method

Carcinogenicity

Calculation method

Reproductive toxicity

Calculation method

STOT - single exposure

Calculation method

STOT - repeated exposure

Calculation method

Acute aquatic toxicity

Calculation method

Chronic aquatic toxicity

Calculation method

Aspiration hazard

Calculation method
