

This safety data sheet was created pursuant to the requirements of:  
UK REACH Regulations (SI 2019/758 as amended)

Supersedes Date 20-Jun-2023\*\*\*

Revision date 03-Aug-2023

Revision Number 6

## SECTION 1: Identification of the substance/mixture and of the company/undertaking

### 1.1. Product identifier

Product Code(s) 47318\*\*\*

Safety data sheet number 47318\*\*\*

Product Name DOWSIL FA 4002 ID SILICONE ACRYLATE

Synonyms DOW CORNING FA 4002 ID SILICONE ACRYLATE\*\*\*

Pure substance/mixture Mixture\*\*\*

Contains HYDROCARBONS, C4, 1,3-BUTADIENE-FREE, POLYMD., TRIISOBUTYLENE FRACTION, HYDROGENATED

### 1.2. Relevant identified uses of the substance or mixture and uses advised against

Recommended use Professional use Consumer use Cosmetics Personal care Perfumes, fragrances\*\*\*

### 1.3. Details of the supplier of the safety data sheet

#### Supplier

Univar Solutions UK Ltd  
Aquarius House  
6 Mid Point Business Park  
Bradford  
GBR

For further information, please contact

E-mail address SDS.EMEA@univarsolutions.com\*\*\*

Non-Emergency Telephone Number +44 1274 267300 / +44 1274 267306\*\*\*

### 1.4. Emergency telephone number

Emergency Telephone SGS - +32 (0)3 575 55 55 (24h)

## SECTION 2: Hazards identification

### 2.1. Classification of the substance or mixture

|                          |                           |
|--------------------------|---------------------------|
| Flammable liquids***     | Category 3*** - (H226)*** |
| Chronic aquatic toxicity | Category 4*** - (H413)*** |

### 2.2. Label elements

Contains HYDROCARBONS, C4, 1,3-BUTADIENE-FREE, POLYMD., TRIISOBUTYLENE FRACTION, HYDROGENATED

### Signal word

Warning\*\*\*

### Hazard statements

H413 - May cause long lasting harmful effects to aquatic life\*\*\*

H226 - Flammable liquid and vapour\*\*\*

### Precautionary statements

P210 - Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking

P273 - Avoid release to the environment

P301 + P310 - IF SWALLOWED: Immediately call a POISON CENTER or doctor

P331 - Do NOT induce vomiting

P370 + P378 - In case of fire: Use dry chemical, CO2, water spray or alcohol-resistant foam to extinguish

P403 + P235 - Store in a well-ventilated place. Keep cool\*\*\*

0 % of the mixture consists of ingredient(s) of unknown acute oral toxicity.\*\*\*

0 % of the mixture consists of ingredient(s) of unknown acute dermal toxicity.\*\*\*

0 % of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (gas).\*\*\*

0 % of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (vapour).\*\*\*

0 % of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (dust/mist).\*\*\*

### Unknown aquatic toxicity

Contains 0 % of components with unknown hazards to the aquatic environment.\*\*\*

### Additional information

This product requires child resistant fastenings if supplied to the general public. This product requires tactile warnings if supplied to the general public.\*\*\*

### 2.3. Other hazards

No information available.

## SECTION 3: Composition/information on ingredients

### 3.1 Substances

Not applicable\*\*\*

### 3.2 Mixtures\*\*\*

| Chemical name                                                           | Weight-% | EC No (EU Index No) | UK REACH registration number | Classification according to GB CLP (SI 2020/1567 as amended)             | Specific concentration limit (SCL) | M-Factor | M-Factor (long-term) |

**Full text of H- and EUH-phrases: see section 16**

This product does not contain candidate substances of very high concern at a concentration  $\geq 0.1\%$  (UK REACH Article 59)

**SECTION 4: First aid measures****4.1. Description of first aid measures**

|                       |                                                                                                                                                                                                                                                  |
|-----------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>General advice</b> | Use personal protection recommended in Section 8.***                                                                                                                                                                                             |
| <b>Inhalation</b>     | IF INHALED: Remove to fresh air and keep at rest in a position comfortable for breathing. Rinse mouth thoroughly with water. Get medical attention if symptoms occur.***                                                                         |
| <b>Eye contact</b>    | IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention if symptoms occur.*** |
| <b>Skin contact</b>   | IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. Get medical attention if symptoms occur.***                                                                                           |
| <b>Ingestion</b>      | Rinse mouth thoroughly with water. Do NOT induce vomiting. Get medical attention if symptoms occur.***                                                                                                                                           |

**4.2. Most important symptoms and effects, both acute and delayed**

|             |                                        |
|-------------|----------------------------------------|
| <b>Eyes</b> | May cause temporary eye irritation.*** |
|-------------|----------------------------------------|

**4.3. Indication of any immediate medical attention and special treatment needed**

|                        |                        |
|------------------------|------------------------|
| <b>Note to doctors</b> | Treat symptomatically. |
|------------------------|------------------------|

**SECTION 5: Firefighting measures****5.1. Extinguishing media**

|                                       |                                                                             |
|---------------------------------------|-----------------------------------------------------------------------------|
| <b>Suitable Extinguishing Media</b>   | Alcohol resistant foam. Carbon dioxide (CO <sub>2</sub> ). Dry chemical.*** |
| <b>Large Fire</b>                     | CAUTION: Use of water spray when fighting fire may be inefficient.          |
| <b>Unsuitable extinguishing media</b> | Do not scatter spilled material with high pressure water streams.           |

**5.2. Special hazards arising from the substance or mixture**

|                                                   |                                                                                                                                                                                                                   |
|---------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Specific hazards arising from the chemical</b> | Flammable liquid and vapour. Flash back possible over considerable distance. Closed containers can burst violently when heated, due to excess pressure build-up. Vapours may form explosive mixtures with air.*** |
| <b>Hazardous combustion products</b>              | Carbon oxides. Silicon oxides. Formaldehyde.***                                                                                                                                                                   |

**5.3. Advice for firefighters**

|                                         |                                                                                                 |
|-----------------------------------------|-------------------------------------------------------------------------------------------------|
| <b>Special protective equipment and</b> | Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. |
|-----------------------------------------|-------------------------------------------------------------------------------------------------|

precautions for fire-fighters Use personal protection equipment.

## SECTION 6: Accidental release measures

### 6.1. Personal precautions, protective equipment and emergency procedures

**Personal precautions** Provide adequate ventilation. Use personal protection recommended in Section 8. Avoid contact with skin, eyes and inhalation of vapours. Eliminate all ignition sources if safe to do so. Ground and bond container and receiving equipment. Vapours may form explosive mixtures with air. Do not allow run-off from fire-fighting to enter drains or water courses.\*\*\*

**For emergency responders** Use personal protection recommended in Section 8.

### 6.2. Environmental precautions

**Environmental precautions** See Section 12 for additional Ecological Information.

### 6.3. Methods and material for containment and cleaning up

**Methods for containment** Prevent further leakage or spillage if safe to do so.

**Methods for cleaning up** Stop leak if possible without any risk. Use non-sparking tools. Move containers from fire area if you can do it without risk. Collect with absorbent, non-combustible material into suitable containers. Do not allow run-off from fire-fighting to enter drains or water courses.\*\*\*

**Prevention of secondary hazards** Clean contaminated objects and areas thoroughly observing environmental regulations.

### 6.4. Reference to other sections

**Reference to other sections** See section 8 for more information. See section 13 for more information.

## SECTION 7: Handling and storage

### 7.1. Precautions for safe handling

**Advice on safe handling** Ensure adequate ventilation. Use personal protection recommended in Section 8. Avoid contact with skin, eyes and inhalation of vapours. Keep only in original container. Eliminate all ignition sources if safe to do so. Take precautionary measures against static discharge. Avoid release to the environment. Handle in accordance with good industrial hygiene and safety practice. Use explosion-proof electrical, ventilating and lighting equipment. Ground and bond container and receiving equipment.\*\*\*

**General hygiene considerations** Wash hands before breaks and immediately after handling the product.

### 7.2. Conditions for safe storage, including any incompatibilities

**Storage Conditions** Keep container tightly closed in a dry and well-ventilated place. Eliminate all ignition sources if safe to do so. Avoid contact with: Strong oxidising agents. Organic peroxide. Flammable solid. Pyrophoric liquids. Pyrophoric solids.\*\*\*

### 7.3. Specific end use(s)

**Risk Management Methods (RMM)** The information required is contained in this Safety Data Sheet.

## SECTION 8: Exposure controls/personal protection

### 8.1. Control parameters

**Exposure Limits** This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.

**Biological occupational exposure limits** This product, as supplied, does not contain any hazardous materials with biological limits established by the region specific regulatory bodies.

**Derived No Effect Level (DNEL) - Workers** No information available

**Derived No Effect Level (DNEL) - General Public** No information available.

**Predicted No Effect Concentration (PNEC)** No information available.

### 8.2. Exposure controls

**Engineering controls** No information available.

#### Personal protective equipment

**Eye/face protection** Wear safety glasses with side shields (or goggles).\*\*\*

**Hand protection** Wear suitable gloves.\*\*\*

| Gloves              |                                          |                 |                    |
|---------------------|------------------------------------------|-----------------|--------------------|
| Duration of contact | PPE - Glove material                     | Glove thickness | Break through time |
|                     | Chlorinated polyethylene (CPE)***        | > 0.35 mm***    | > 120 minutes***   |
|                     | Wear protective Neoprene™ gloves***      | > 0.35 mm***    | > 120 minutes***   |
|                     | Wear protective nitrile rubber gloves*** | > 0.35 mm***    | > 120 minutes***   |
|                     | Polyethylene (PE)***                     | > 0.35 mm***    | > 120 minutes***   |
|                     | Polyvinyl alcohol (PVA)***               | > 0.35 mm***    | > 120 minutes***   |
|                     | Wear protective butyl rubber gloves***   | > 0.35 mm***    | > 120 minutes***   |
|                     | Polyvinyl chloride (PVC)***              | > 0.35 mm***    | > 120 minutes***   |

**Skin and body protection** Wear appropriate clothing to prevent reasonably probable skin contact.\*\*\*

**Respiratory protection** No protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required.

## SECTION 9: Physical and chemical properties

### 9.1. Information on basic physical and chemical properties

**Physical state** Liquid\*\*\*

**Appearance** Liquid\*\*\*

Colour clear To Slightly hazy Colourless\*\*\*  
 Odour Slight.\*\*\*  
 Odour threshold No information available

| <u>Property</u>                         | <u>Values</u>     | <u>Remarks • Method</u>  |

Explosive properties Not considered to be explosive\*\*\*  
 Oxidising properties Does not meet the criteria for classification as oxidising\*\*\*

## 9.2. Other information

## SECTION 10: Stability and reactivity

### 10.1. Reactivity

Reactivity No information available.

### 10.2. Chemical stability

Stability Stable under normal conditions.

#### Explosion data

Sensitivity to mechanical impact None.

Sensitivity to static discharge None.

### 10.3. Possibility of hazardous reactions

Possibility of hazardous reactions Strong oxidising agents. Vapours may form explosive mixtures with air. Flammable liquid and vapour.\*\*\*

### 10.4. Conditions to avoid

Conditions to avoid Keep away from open flames, hot surfaces and sources of ignition.\*\*\*

**10.5. Incompatible materials**

**Incompatible materials** Strong oxidising agents. Flammable solid. Organic peroxide. Pyrophoric liquids. Pyrophoric solids.\*\*\*

**10.6. Hazardous decomposition products**

**Hazardous decomposition products** Calcium oxides. Silicon oxides. Formaldehyde.\*\*\*

**SECTION 11: Toxicological information****11.1. Information on toxicological effects****Information on likely routes of exposure****Product Information**

**Inhalation** Inhalation of vapours in high concentration may cause irritation of respiratory system.\*\*\*

**Eye contact** May cause temporary eye irritation.\*\*\*

**Skin contact** May cause slight irritation. Redness. Dryness and/or cracking.\*\*\*

**Ingestion** Gastrointestinal discomfort.\*\*\*

**Symptoms related to the physical, chemical and toxicological characteristics**

**Symptoms** No information available.

**Acute toxicity****Numerical measures of toxicity**

No information available

The following values are calculated based on chapter 3.1 of the GHS document \*\*\*

0 % of the mixture consists of ingredient(s) of unknown acute oral toxicity.\*\*\*

0 % of the mixture consists of ingredient(s) of unknown acute dermal toxicity.\*\*\*

0 % of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (gas).\*\*\*

0 % of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (vapour).\*\*\*

0 % of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (dust/mist).\*\*\*

**Component Information**

\*\*\*

| Chemical name                                                                                       | Oral LD50                   | Dermal LD50                | Inhalation LC50            |

**Delayed and immediate effects as well as chronic effects from short and long-term exposure**

**Skin corrosion/irritation** May cause slight irritation. Redness. Dryness and/or cracking.\*\*\*

**Serious eye damage/eye irritation** May cause temporary eye irritation.\*\*\*

**Respiratory or skin sensitisation** Based on available data the classification criteria are not met.\*\*\*

**Germ cell mutagenicity** No information available.

**Carcinogenicity** No information available.

**Reproductive toxicity** No information available.

**STOT - single exposure** No information available.

**STOT - repeated exposure** No information available.

**Aspiration hazard** Based on available data the classification criteria are not met.\*\*\*

**Other adverse effects** No information available.

## SECTION 12: Ecological information

### 12.1. Toxicity

**Ecotoxicity** May cause long lasting harmful effects to aquatic life.\*\*\*

**Unknown aquatic toxicity** Contains 0 % of components with unknown hazards to the aquatic environment.\*\*\*

SVHC: Substances of Very High Concern for Authorisation:

**Legend Section 8: Exposure controls/personal protection**

|                                                                |                             |      |                                  |
|----------------------------------------------------------------|-----------------------------|------|----------------------------------|
| TWA                                                            | TWA (time-weighted average) | STEL | STEL (Short Term Exposure Limit) |
| Ceiling                                                        | Maximum limit value         | *    | Skin designation                 |
| +                                                              | Sensitisers                 |      |                                  |
| Revision Note ***Indicates updated data since last publication |                             |      |                                  |

**Classification procedure**

Classification according to Regulation (EC) No. 1272/2008 [CLP]

Method Used

|                                          |                       |
|------------------------------------------|-----------------------|
| Acute oral toxicity***                   | Calculation method*** |
| Acute dermal toxicity***                 | Calculation method*** |
| Acute inhalation toxicity - gas***       | Calculation method*** |
| Acute inhalation toxicity - vapour***    | Calculation method*** |
| Acute inhalation toxicity - dust/mist*** | Calculation method*** |
| Skin corrosion/irritation***             | Calculation method*** |
| Serious eye damage/eye irritation***     | Calculation method*** |
| Respiratory sensitisation***             | Calculation method*** |
| Skin sensitisation***                    | Calculation method*** |
| Mutagenicity***                          | Calculation method*** |
| Carcinogenicity***                       | Calculation method*** |
| Reproductive toxicity***                 | Calculation method*** |
| STOT - single exposure***                | Calculation method*** |
| STOT - repeated exposure***              | Calculation method*** |
| Acute aquatic toxicity***                | Calculation method*** |
| Chronic aquatic toxicity***              | Calculation method*** |
| Aspiration hazard***                     | Calculation method*** |
| Ozone***                                 | Calculation method*** |

Prepared By Lisa Bland\*\*\*

Supersedes Date 20-Jun-2023\*\*\*

Revision date 03-Aug-2023

This material safety data sheet complies with the requirements of UK REACH Regulations (SI 2019/758 as amended)  
 Take note of Directive 98/24/EC on the protection of the health and safety of workers from the risks related to chemical agents at work

**Disclaimer**

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
